## FOREST FIRE SITUATION CRITICAL

La Crescenta Conflagration Controlled But Tejuca Fire Leaps Ridges

### PASADENA WATER SHED IS STILL IN DANGER

San Diego County Fire Burns Fiercely—Fire Fighters Go by Truck Loads

PASADENA, Sept. 17.—The La Crescenta forest fire is believed to have been controlled today. Fire Warden Glen McFarlan, arriving here this morning from the fire line, said the change in wind last night turned the fire back into the burned area.

Forest Agent Keenan also said the fire is under control and that the water sheds are safe.

### BIG TEJUNGA FIRE SWEEPS FIERCELY

LOS ANGELES, Sept. 17.—Urgent appeals for men to aid in battling with the fierce forest fire that is raging in the Big Tejuca canyon were sent in to this city, Pasadena and other points in the San Fernando valley by the forest rangers today.

The conflagration now is topping the ridge after having swept through Delta canyon, and the fire-fighting force is making a desperate stand to prevent the fire from sweeping down the mountain side through the Pasadena water-shed.

### FIRES SPREADING AGAIN IN RAMONA DISTRICT

SAN DIEGO, Sept. 17.—The forest fires raging in the vicinity of Ramona are again spreading. Apparently under control, the flames started again last night. A pall of smoke overhangs this city. Communication with half a dozen ranches has been severed and it is not known whether property and lives there are safe or not.

Many refugees from the fire district are here. All the available men are out fighting the flames.

Auto trucks loaded with fire fighters were sent to the fire zone today. A strong easterly wind is causing the spread of the flames. The Ramona fire has now swept across the Mussey grade highway and is travelling toward Roway.

## CARBOLIC ACID BURNED HIS MOUTH

This morning George M. Hoenshel of 201 North Birch street, was treated by Drs. Gordon and Cushman for carbollic acid burns about the mouth. City Marshal Jernigan was called to help control Hoenshel.

That Hoenshel had been burned by acid was reported by his wife. The burns were on the lips and inside of the mouth, and the physicians at first thought that the man had swallowed some of the acid. When the contents of the stomach were removed, however, there was no sign of carbollic acid, and the conclusion was that the burns did not extend further than the mouth.

Hoenshel is a real estate man. For a time he lived at Orange. Recently he has had an office on East Fifth street, Santa Ana.

## THERMOMETER HIGH AS 110

Today is said to be the hottest day on record in Santa Ana. Several thermometers have shown 110 degrees in the shade. The same heat wave that has covered the state has been felt severely here, and has been felt the more because it is so seldom that Santa Ana experiences anything like it. Although the thermometer shows a high degree, there have been no prostrations or near-prostrations, and everybody has gone about his work just about the same as usual.

## Russian Land Swindle A La United States

ST. PETERSBURG, Sept. 17.—Thousands of persons have just been victimized by a cleverly manipulated land swindle, according to dispatches from Nakhichevan. Circulars had been sent out broadcast by a gang of alleged real estate agents saying that the authorities had agreed to give 1000 square yards of land in a new townsite on the River Don nearby to every settler who should fence in his allotment and promise to begin building operations within a reasonable time. The result was a pretty fair imitation of a western reservation opening in the United States. Thousands stamped to the place where they were met by the "agents," who assisted them in staking out lots, and who sold them at high prices large quantities of fencing and building material. The swindlers also sold and resold lots among the settlers in return for fancy commissions.

Next day the "agents" disappeared just before the arrival of a detachment of police from Nakhichevan, who proceeded to arrest the settlers for occupying land without legal authority. They not only lost their claims but also the building materials which they had purchased.

WHITTIER, Sept. 16.—The tax rate for the city of Whittier for the year 1913-1914 was fixed at \$1.65, when the trustees met in a special session. This is a reduction of eight cents on last year's rate, which was \$1.73.

### Fourth Attempt at Suicide Successful

MORRISTOWN, N. J., Sept. 17.—After making three attempts to end his life, Antonio Ferrario, 31 years of age, is believed to have thrown himself in front of a Lackawanna train yesterday, which cut him to pieces. Before his death he jabbed himself with a knife and twice jumped into the river, being fished out each time.

### \$150,000 BLAZE IN LOS ANGELES

LOS ANGELES, Sept. 17.—A stubborn fire starting at 1:20 o'clock on the second floor of the Julius Salmonson Clothing Company on Main street between Fifth and Sixth streets spread to the Los Angeles Paint Company and the Century Costume Company and threatened to spread throughout the block. A general fire alarm was turned in and the water pressure was so great that the firemen were unable to use portions of the apparatus and were greatly handicapped.

Five hundred firemen battled for half an hour with every available piece of apparatus before the fire was controlled. The loss is \$150,000.

### METHODISTS WILL NOT REMOVE BAN FROM FRIVOLITY

BATTLE CREEK, Mich., Sept. 17.—Restrictions against card-playing, theater-going and dancing of younger members of the Methodist church will not be removed at this session of the State Methodist conference, which had its formal opening here this morning. Bishop William Burt of Buffalo, who is presiding, is authority for this hint.

## SOLD STRIP FOR STREET FOR \$500

New Thoroughfare May be Called Magnolia—May Open Camille Westward

### NO DECISION ON SIDEWALK MATERIAL

Committee Appointed to Confer With City Committee on Water Question

A new street is to be established, located along the east side of the Polytechnic High School grounds, and probably Camille street will be extended west to Flower street. The name that someone has proposed for the new street on the east edge of the grounds is Magnolia, not that there are any Magnolia trees along the street as yet, but that it sounds good.

The controversy concerning this street was settled at a meeting of the city board of education last night. At a meeting two weeks ago it was proposed that the schools donate a 50-foot strip along that side of the grounds. It was stated that unless the school board did so, Heninger Bros. would build bungalows on a block they own near the southeast corner of the school grounds and those bungalows would back against the grounds. The school board replied that there would be an athletic field fence there anyhow, and the unsightly back yards were not to be feared. The school board could see no advantage to the schools in establishing the street.

However, since the last meeting of the board negotiations have been under way. Last night three of the directors, W. L. Duggan, H. G. Dean and L. J. Carden, voted to deed a 50-foot strip to the city for the proposed Magnolia street for \$500, which amount M. R. Heninger had agreed to pay for the street opening. Mrs. E. B. Norman and Mrs. W. M. Smart were opposed to accepting anything less than \$1000, which amount was less than was paid for the land, and when the motion to accept \$500 was made Mrs. Norman voted no and Mrs. Smart did not vote.

It was decided to deed a strip twenty-five feet wide across the south side of the school grounds for an extension of Camille street, provided that the street be opened westward as far as Flower street and an additional 25-foot strip be given by other property owners in order to make a 50-foot street. The board asked no money for this strip for the reason that it decided that the opening of Camille street would be a decided advantage to the pupils attending Spurgeon school, who now have to go to Fairview avenue, which street has no sidewalk upon it.

Concerning Sidewalks  
There was a long discussion at the meeting last night concerning the kind of sidewalks that shall be laid. Architect Withey favors a crushed rock from near Corona. Superintendent Cranston said he thought the rock would not do on that soil, and he and several members of the board favored cement sidewalks. Withey said the crushed rock would fit the buildings better than cement. The board has no great faith in the crushed rock proposal, but decided to order a carload of it and use it on some of the sidewalks.

### To Settle Water

Director Duggan, Superintendent Cranston and Principal McMath were appointed as a committee to meet with a committee of the city council to settle the question of water supply for the polytechnic grounds. The city fears that the use of too much water on the poly grounds at one time would endanger fire protection.

Cranston and McMath were appointed a committee to secure equipment for the school cafeteria.

Miss Elsie Harrison resigned as assistant kindergarten teacher at Roosevelt school, and Miss Mary Collins was elected in her place. Miss Harrison's resignation was due to illness.

A. E. Bird, contractor, was granted permission to store lumber on a portion of the school grounds while building the First Baptist church.

### Plan is Accepted

Dana Keech and Will Warren, high school athletes, presented to the board a plan for the athletic grounds. After looking the plan over, it was accepted by the board.

## GREAT POPULAR SPIRIT AROUSED

Everybody Endorsing Register Plan of Representation at the Portola Festival

Nearly Every County in the State Is Following Orange County's Example

San Francisco Getting Ready to Entertain Fair Daughters of the State—Time for Nominations Is Short

No public-spirited project ever inaugurated in Orange county has attracted so much interest and such general approval as the Register's plan to have Orange county represented at the great Portola Festival in San Francisco by a commission consisting of the six most popular young ladies in this section of the state.

Everybody is talking about it, and everybody agrees that the personnel of the commission could not be more happily determined than by a public election in which the whole community will have a voice. The Register has thrown its columns open for the convenience of the voters, and they will be given every opportunity to select commissioners who will reflect the greatest possible credit upon Orange county.

The idea of sending a delegation of favorite daughters to the Pacific Ocean's birthday party is unique and it has struck a popular chord in the public fancy. From a standpoint of publicity it is unanimously agreed that Orange county could have no more effective representation at the great international fiesta, which will be attended by a million people and in which twenty-one nations will take part.

The six young ladies whom the readers of the Register shall decorate with the insignia of supreme popularity will be welcomed into the great congress of celebrants at San Francisco as envoys extraordinary from Orange county. They will be recognized as the most popular bevy of boosters to be found in this region, and as such they will be the center of unusual attention at the Festival. It will be their proud duty to spread the fame of Orange county and its cities and towns worldwide by the admiration which they will attract. They will, by virtue of their unusual prominence, have an opportunity to proclaim the charms of Orange county to all the visiting throngs, and to give their home region some of the most valuable advertising it has ever received.

Already the fame of the Orange county commission-to-be has spread beyond the boundaries of the home county and other communities are displaying a lively interest and are emulating this example. The movement inaugurated here is growing into statewide proportions and practically every county in the state is voting for similar embassies.

News of the Orange county project has reached San Francisco, and the directors of the Portola have given it their enthusiastic endorsement. Preliminary arrangements are already being made by them to receive the fair envoys and to provide special entertainment for them during their stay in the City by the Golden Gate.

The gathering of favorite daughters from all the different parts of the state will be one of the most notable features of the celebration, and a special section will be reserved for the fair boosters in each grand stand parade and pageant.

San Francisco is busy preparing for the fiesta and for the reception of the vast host of visitors expected. This year's Portola is the second in the history of the City, it is arousing far greater interest than its wonderfully successful predecessor, on account of its historical significance. It will celebrate the 400th anniversary of the discovery of the Pacific Ocean by Vasco Nunez de Balboa.

Beyond all doubt this will be the most brilliant fiesta in the history of the West. There will be four days of parades and pageants, and four nights of perpetual carnival. Warships representing nearly all the nations of the world will congregate in San Francisco Bay, and will join with the Pacific fleet in presenting the most magnificent naval spectacle seen here in a decade. The Portola Ball will be an epochal social function.

To this great festive gathering the Register will send as its guests the six young ladies whom its readers shall choose as the most popular residents of the county. They will be entertained at the best hotels and restaurants in San Francisco, and each young lady will have the privilege of selecting a traveling companion to accompany her on the trip. All expenses of the party will be defrayed by the Register.

W. H. THOMAS APPOINTED JUDGE

## GOVERNOR APPOINTS W. H. THOMAS JUDGE OF SUPERIOR COURT

William H. Thomas of Santa Ana was today appointed judge of the superior court of Orange County. News of the appointment first reached Santa Ana in the following telegram from Gov. Johnson's private secretary:

"Sacramento, Cal., Sept. 17, 1913.  
"J. P. Baumgartner,  
"Santa Ana, Cal.  
"Governor Johnson today appointed W. H. Thomas judge of the superior court of Orange county."

"ALEXANDER MCGABE."

The additional judgeship has been available since Aug. 10, but the appointment was withheld until today. The salary of the office is \$4000 a year, half of which is paid by the state and half by the county.

Thomas began practicing law in Santa Ana Jan. 1, 1910, as a law partner of Attorney E. T. Langley. Since last January he has been practicing alone, and had built up a substantial practice here. He was a Progressive and a staunch supporter of Gov. Johnson and Theodore Roosevelt. During the last campaign he was secretary of the county central committee.

### WHITLOCK NOT TO RUN

Declines to Be Fourth Term Candidate for the Toledo, Ohio, Mayoralty

TOLEDO, O., Sept. 17.—Brand Whitlock, mayor of Toledo, does not want a fourth term. He has resigned from the Citizens' ticket, on which he was nominated for mayor. Some time ago he refused to head the Independent ticket on which he was three times victorious.

The new judge was born Oct. 23, 1868, at Caernarvon, Wales. With his parents he came to this country in 1874, residing for a number of years at Remsen, N. Y. He lived in Iowa from 1878 to 1892, marrying at Postville, Ia., on June 15, 1892. He and his wife and five children live at 415 West Fourth street.

As a young man, he studied law in the offices of ex-Judge John A. Lovely of Albert Lea, Minn., and took up active practice at Leeds, North Dakota, in 1899. He served as state's attorney, corresponding to a district attorney in California, in Benson county, North Dakota, and was secretary of the North Dakota Bar Association from 1902 to 1909. He is a Knight Templar, Scottish Rites member, and an Odd Fellow.

Attorney Thomas has been active in many lines here. As a candidate for the appointment, he received the support of his old colleagues of North Dakota, many of whom wrote personal letters to the governor, urging his qualifications for the judgeship.

### PERRY DAY IN CLEVELAND

CLEVELAND, Ohio, Sept. 17.—Today was the big day of the local Perry Centennial celebration. President Wilson had been invited as the city's guest of honor but it was not known until the last minute whether the press of business would keep him in Washington. A program by a chorus of 1000 school children and a parade in which military, naval and fraternal organizations participated were scheduled.

## WILSON MORE HOPEFUL AS TO MEXICO

Huerta's Message to Mexican Congress Pleases the President

### SEES HOPE IN HUERTA'S FREE ELECTION PLEDGE

U. S. Refugees Arriving in San Diego on Buffalo Angry Over Forced Departure

WASHINGTON, Sept. 17.—Renewed confidence is felt here over the Mexican situation as a result of Provisional President Huerta's message to the Mexican congress yesterday. The administration pointed particularly to President Huerta's assurance that there will be a free election. There is no change in the general situation, which the administration believes to be favorable.

Huerta's Message  
MEXICO CITY, Sept. 17.—In his address to the Mexican congress yesterday Provisional President Huerta referred to the tenuousness of the diplomatic relations between the Mexican government and the United States, but "luckily not with the people of that country."

He expresses the hope that the negotiations with the American government speedily will result in a solution of the differences which have arisen between the two countries.

General Huerta, as if to contrast the attitude of Mexico, names twenty-six other nations which have recognized the present government of Mexico.

The provisional president promises, on behalf of the government, to hold the national elections for the presidency, set for October 26, on schedule time. He said in reference to the elections:

"I will spare no effort and no sacrifice to obtain the coveted peace and to guarantee fully in the coming elections the free casting of ballots."

SAN DIEGO, Sept. 17.—Expressing sorrow that they had left their Mexican property at the mercy of the Mexicans to flee upon the advice of President Wilson, 139 refugees arrived here today on the cruiser Buffalo. The party included many women and children. All said they will return at the earliest moment because they believe the situation has been misrepresented to them. Many were greatly incensed on being compelled to leave through what they believe is the groundless apprehension of the United States government.

They have prepared a statement setting forth their views, every man of the party signing it. They say they were not disturbed by either Mexican faction and had no reason to believe they would be molested. They are angered because of their financial loss incident to their leaving Mexico. They left when the administration agents visited their ranches with a copy of the administration's advice to leave. They said they supposed the administration had information unknown to them. The statement said because they left at the instance of the administration they will expect the United States government to protect their property and interests in their absence and always hereafter.

## HOTTEST 1913 DAY IN LOS ANGELES

Fire Warnings Sent Out by Weather Bureau—Worse Heat for Tomorrow

LOS ANGELES, Sept. 17.—Today has been the hottest day of the year, with the mercury at 106 at 10:30 o'clock and still climbing. Predictions are that all September records will be broken. It will be warmer tomorrow, according to the weather forecast. A hot wind today added to the discomfort.

The weather bureau has issued fire warnings, saying that the desert winds are rapidly drying the brush and trees, and that danger of disastrous mountain fires is increasing hourly.

IMPERATOR BREAKS RECORD  
NEW YORK, Sept. 17.—The liner Imperator arrived here today with 4198 aboard, establishing a record number of passengers carried on an ocean liner.

Thermometers Have Remem-  
brance of in This Valley

(By Staff Correspondent.)  
ORANGE, Sept. 17.—All heat records were broken last night and today, with the arrival of the first desert wind of the season, which started early this morning.  
The wind was preceded by most oppressive heat. Yesterday afternoon the mercury went to 101 and last night did not drop below 90, the first time that has happened in the history of the city. This morning the temperature was rising rapidly. At 5:45 a.m. it was 91 degrees, at 8:45 a.m., 101 degrees, and the previous high temperature record of 105 degrees was broken before noon.

The Orange chapter of the American Woman's League held a social meeting at the pleasant home of Mrs. C. B. Campbell on South Orange street yesterday afternoon. A most enjoyable time is reported. Refreshments of watermelon, wafers and ice tea were served. The next meeting will be held with Mrs. L. A. Stolp on West La Veta avenue, the second

**GOLF CHAMPIONSHIPS ON  
BROOKLINE, Mass., Sept. 17.**—The greatest aggregation of golfers ever to start in a match in America gathered here yesterday when play in the American open championship began on the links of the exclusive Brookline Country Club. Added interest attached to the present title competitions because of the presence as competitors of Harry Vardon, Edward Ray, Wilfred Reid and Louis Taylor of Banstead Downs, England. Vardon is England's greatest golfer, and he is conceded by English and American golf experts to be one of the greatest players the ancient game has ever produced. Golf enthusiasts on both sides admitted that England has in the golfers mentioned, an excellent chance to be revenged on the Yankees for loss of the polo title and the Davis tennis cup.

# ENTERTAINMENT WAS SUCCESS

Jubilee Quartette Will Present  
Concert Again This  
Evening

The California All Star Jubilee Quartette met with a rousing reception last evening when they presented their excellent entertainment at the First Methodist church, under the auspices of the local Y. M. C. A. The auditorium of the church was crowded to the utmost and judging from the measure of applause that greeted their various numbers, the quartette scored a distinct success.  
The members of the local committee of the Y. M. C. A. who had the arrangements in charge, announce that the quartette have been engaged to give their entertainment again this evening at the same place. This was done by special agreement and it is hoped that all who did not take the opportunity of attending the performance last evening will endeavor to do so tonight.

# IF CHILD IS CROSS, FEVERISH AND SICK

Look, Mother! If Tongue is  
Coated Give "California  
Syrup of Figs"

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomachache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.  
Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

# EXCELLENT RUN MACKEREL NOW

Hawley Reports that Fishing at  
Newport Just Now is  
Best Ever

Mr. Hawley of the local sporting goods store, reports that the fishing at Newport Beach just now is excellent. There is a plentiful run of mackerel now, and he says that the fishing outside Newport in launches is the best ever. Mr. Dave Winans caught 240 mackerel yesterday, and Mr. Barton of Newport Beach caught 45 of the same finny tribe between 5:30 p. m. and dark last evening.

The announcement of this excellent mackerel run will no doubt be received with enthusiasm by the rod and reel men of Santa Ana and vicinity.

# HOW SOME OF THE GOVERNORS LOOK TO THE COMMON FOLK

DENVER, Colo., Sept. 17.—Some "vital statistics" regarding the governors who attended the recent conference of governors at Colorado Springs were published here today. A local wag, whose waggishness runs to "small talk" regarding "big people" has classified some of the chief executives and former chief executives as follows:

Governors Dunne, Ammons, Oddie, Hodges, Miller, Carey and McDonald are bald.

Governors Slaton, Baldwin and McGovern are getting bald.

Governors Baldwin, Mann, Carey and Byrne ornament their features with hirsute adornment.

Governors McGovern, O'Neal, Miller, McDonald, Stewart and Dunne, and former Governors Adams and Gilchrist wear ferocious mustaches.

Governors Trammell, Colquitt, Oddie, Ammons, Slaton and Hodges, and former Governor Dix are smoothly shorn and elegant.

# UNIONISTS EXPECT FIGHT KALAMAZOO, Mich. Sept. 17.

What was expected to develop into one of the stormiest meetings in the history of the Michigan Federation of Labor, got under way here yesterday when the annual four days' convention was called to order. The Typographical Union was expected to lead a bitter fight against the proposed election of President Claude O. Taylor of Grand Rapids, and Secretary Homer Waterman of Kalamazoo, who, the "typos" charge with failure to work for the best interests of the laboring men they represent. Failure of the federation officials to adopt a militant policy in regard to the strike of the 15,000 copper miners of Northern Michigan, was also to be advanced as a reason for their retirement.

Reports submitted today showed that in twenty-four years the Michigan Federation has had as rapid a growth as any state department in the union, increasing from twenty-five locals in 1889 to 250 in 1913. The convention will be in session through Friday when the election of officers is scheduled. Many cities today bid for next year's convention which will be the silver anniversary of the federation.

# SHOWS LARGE GAIN IN ITS ENROLLMENT

Orange News: Large gains over the opening day last year are shown in the enrollment of both the local high and grammar schools, which began their fall terms yesterday.

The high school enrollment has reached a total of 231, which is 40 more than were enrolled on the opening day last year. Although a part of the furniture for the new high school buildings has not yet arrived, the new buildings are in use. Mr. Fishback, the principal, expresses himself as well pleased with the prospects for a successful school year, and states that the school is already well organized and getting down to work. The grammar schools opened with an enrollment of 527, which is 58 more than the enrollment of opening day last year. Principal Smith reports that the attendance is about equally divided between the two schools, Glassell and Center street. The grades are in good condition with the exception of the first and sixth grades, which are overcrowded in both schools. The total number of first grade students enrolled is 98, and of sixth grade students, 81.

# BUILDING STRIKE HURTING DUBLIN

Food Runs Short, Poor Suffer; 10,000 Men Out, 6,000 More Plan to Strike

DUBLIN, Sept. 17.—The labor situation has assumed a more serious phase, and the city is affected to a greater extent by this strike than any in its history. Today 5000 builders went out, and 2,000 farm laborers and 600 dock workers quit work. Food is running short and the poor are beginning to suffer. More than 10,000 men are out and 6000 others threaten to quit work. A sympathetic strike of 3,000 dock workers in Liverpool yesterday tied up cargoes of provisions sorely needed in this city and southern Ireland.

## CITY MARSHAL GAVE WARNING AS DIRECTED

Manager of Mirror Theater Told  
to Cut Out the Rough Stuff  
or be Closed

Yesterday afternoon City Marshal Jernigan paid an official visit to the Mirror Theater, where he saw Manager Bond and delivered to him in no uncertain terms the message of the city trustees. Monday night the trustees ordered that the management be notified that it must better the character of its performances, or the license of the theater would be revoked.

"You have got to cut out the rough stuff and run a decent show, or you will be closed up." This in effect was the message delivered to Manager Bond by the city marshal.

Manager Bond said nothing. He may think that the present stir is a temporary bubble, but if that is his opinion the city authorities are not of his way of thinking. They mean business.

The matter has been under discussion by the Ministerial Association, and an earnest effort was under consideration to better conditions at the theater.

Last Sunday night City Marshal Jernigan told Manager Bond that Santa Ana would not stand for the manner in which the theater was being conducted.

## CURRENCY BILL HALF COMPLETED

House Speeds Measure Along;  
It May Come Up for Passage Tomorrow

WASHINGTON, Sept. 17.—Before the House adjourned last night the currency bill was more than half completed and some of the most important provisions had been settled, at probably will come up for passage Thursday.

The most important amendment brought out yesterday was offered from the committee and agreed to with several Democrats voting against it. This would provide that member banks should have unlimited rediscount privileges with reserve banks. Another amendment adopted would provide that discounted paper should have a maturity of more than ninety days instead of sixty as originally intended.

an Artesian Well Was  
Being Bored

RIVERSIDE, Sept. 17.—The discovery of natural gas at Brownland, a new tract subdivision about fifteen miles east of Riverside, yesterday was the cause of much excitement in that vicinity. The discovery was made by S. W. Miller, who was superintending the boring of an artesian well.

At a depth of 128 feet a strong odor of gas was noticed, but the presence of natural gas was not considered.

## VETERANS OF COUNTY MEET

Bean Dinner Feature of Gather-  
ing of Old Soldiers at Full-  
erton Yesterday

FULLERTON, Sept. 17.—Members of the Orange County Veterans' Association held their annual meeting at Fullerton yesterday, with a large attendance from all parts of the county, and including members of the Women's Relief Corps and Daughters of Veterans. Visiting delegations were also present from Riverside, Long Beach, Whittier and Los Angeles.

Mayor L. C. Richman delivered an address of welcome to the veterans at the opening of their business session in Masonic Hall. A bean dinner was enjoyed by the old soldiers and their guests at noon, and the afternoon was devoted to a program of social entertainment and reminiscence. Mrs. Jesse S. Mason of Riverside, soloist, and the famous veteran drum corps of Los Angeles furnished music for the occasion that was much appreciated.

The grammar school opened Monday with an enrollment of 424, which is a good increase over last year, when the school opened with an attendance of 361. Fifteen teachers are employed this term, while the school had only eleven teachers last term. There is also a good increase in the high school.

## PROF. NEWCOMER OF STANFORD IS DEAD

PALO ALTO, Sept. 17.—Professor  
Alphonso Gerald Newcomer, head of  
the English department of Stanford,  
died suddenly at his home in Palo  
Alto Monday night. The message of  
his demise came as a shock to the  
university, as it was reported he was  
rapidly improving from a recent op-  
eration. He leaves his mother, wife  
and two children. Miss Mabel New-  
comer, his daughter, was graduated  
from Stanford last January, and Er-  
val, his son, is acting instructor in  
the entomology department of the  
university.

Professor Newcomer was one of  
the oldest instructors at Stanford,  
in point of service, this being his twen-  
ty-first year at the university. The  
funeral service will be held Wednes-  
day.

## QUEEN MARY IS CENSOR

Makes Morning Review of "Movies" to  
Be Shown in Evening at  
Balmoral Castle

LONDON, Sept. 17.—The latest role  
which Queen Mary, now known as the  
"royal busybody," has assumed, is that  
of "movie censor." An exhibition of  
motion pictures is given each evening  
in Balmoral Castle, and Queen Mary  
has taken it upon herself privately to  
censor the pictures each morning be-  
fore allowing them to be presented in  
the evening. All of those which she  
thinks likely to corrupt the morals of  
either guests or members of the royal  
family are promptly rejected.

### "IS THE COLLEGE MAKING GOOD?"

Under the above title in The Outlook, Edward Bok, editor of the Ladies Home Journal, recently gave the educational animal a vigorous stirring. Mr. Bok analyzed 549 letters received by him from college graduates, the same being sent in response to questions sent out by him. He complains primarily of the bad English and spelling in these letters.

A lively discussion has resulted, in which many college professors and graduates criticize Mr. Bok for attaching too little weight to liberal culture. But any editor who has ever had the job of shaping up the rough raw English of even educated people will find much force in his statement.

This is a day when grammar is not fashionable. The high school student is asked to discuss the question "Was Hamlet really mad?" or "What indications of social and economic progress do you find in Chaucer's poems?" But he may not know the difference between a verb and a preposition.

In many high schools the pupils would look blank if you mentioned the "nominative case." Many educators hold that if young people hear good English in school, and if bad English is corrected, the young people will insensibly acquire correct habits, and that rules are not needed.

They forget that the world is full of bad grammar. Even the college graduate needs a clear perception of sentence structure, if he is to stand up against the flood of ignorant speech one hears daily. If the high schools will not make a more serious effort to correct this linguistic slovenliness, the colleges will have to do it, if their graduates are not to seem unkempt in speech and composition.

**HORSE DAY IN CLEVELAND**  
CLEVELAND, O., Sept. 17.—Every horse in Cleveland had his day today. The annual workhorse parade was held here this afternoon and thousands of horses were in line. The parade has become a yearly event ever since the big turnout of workhorses in the Labor Day parade of 1911. After that it was decided that the horse should have a day all his own. The parade was almost three miles in length. Prizes were awarded to the best kept horses in the various classes. Industrial exhibits and artistic floats featured the parade.

**NEW VARIETY PEACH**  
Discovery of Sweetest Peach Known Is Made on a Small Ranch in Utah

**SALT LAKE CITY, Sept. 17.**—A new species of peach, which to local fruit men is still unclassified as to species, has been found on a small ranch southeast of Salt Lake, and has received such comment that nurserymen are bargaining to gain grafts so as to increase the species.

The peaches come from three old trees, which for the last twenty years have been almost unattended. The peach is a fine, large, solid cling, sweeter than any other variety known. According to W. H. Garvin, general manager of the Utah Fruit Growers' Association, the fruit is just what the market needs, an early, firm cling, and could bring fancy prices.

H. H. Powell, general manager of the California Fruit Growers' Association, and one of the greatest fruit experts in the world, will come here to examine the trees and their products.

### PAPA CLEVERER THAN LOVER—GIRL SACKED LATTER

**BERLIN, Sept. 17.**—Fraulein Myra Goerssep's father, a wealthy manufacturer of Treptow, having refused to let her marry Jacob Xavier, his former clerk, the young lovers planned to elope. Herr Goerssen discovered the plot, but craftily kept silent. At the appointed midnight Myra stealthily opened the hall door and hopped into a waiting motor car at the wheel of which, much muffled up sat, as she supposed, her Jacob. With finger to his lips he quietly steered the car out into the darkness. After an hour's ride the machine came to a sudden stop—at Myra's own door. Her companion stepped out, removed his goggles, and laughed. It was her father. Just then another car dashed up, bringing the real Jacob, whom Papa Goerssen had misled as to the hour by a fake message. Myra, promptly deciding that a lover who was so stupid would probably handle matters as a husband, dismissed him on the spot, and entered the house obediently on her father's arm.

### KANSAS CITY MAY HAVE NEW CHARTER

Reform Measures Provided for in Document Before the Council

**KANSAS CITY, Mo., Sept. 17.**—A new charter for this city, providing for the initiative, referendum and recall; the elimination of party primaries and party elections by providing for election on petition, and the abolition of ward lines, has been introduced in the council by Alderman C. A. Burton.

### BANANA TRADE TO BE DOVE OF PEACE

Binds United States to States of South and Central Americas

**WASHINGTON, Sept. 17.**—In a letter to the congressional conference on the tariff bill, Director John Barrett of the Pan-American Union says the development of the banana trade between the United States and Central and South American countries is the best way to promote peace, and that free trade will make the banana a real "dove of peace."

### EX-PREFECT LEPINE MAY BE CABINET MINISTER

**PARIS, Sept. 17.**—That ex-Prefect of Police Louis Lepine, the "wisest police official in the world," will be a cabinet official before the end of the year, was the talk in political circles here today. He may become minister of the interior, with which department he was associated as prefect of the Seine for about 25 years. Lepine takes his seat as deputy at the beginning of the next legislature.

### HOODED HAWKS REFUSED TO FLY WITH AIRCRAFT

**PARIS, Sept. 17.**—On one side of the aerodrome at Juvisy today a green-clad falconer experimented with his hooded hawks, a revival of the ancient sport; on the other side, and over head were a number of aeroplanes, offering a strange contrast. The hawks trembled when the aeroplanes flew past and could not be induced to leave the falconer's wrist. They were utterly demoralized by the new kinds of "birds."

### MARRIAGE ON HIGH SEA ILLEGAL IF EVADES STATE LAW

**SAN DIEGO, Sept. 17.**—A marriage on the high sea, if entered into to escape state laws, is illegal, according to a decision made today by Judge Andrews, who annulled the marriage of Olga Payne and Fred Sidler. They were married at sea because they were unable to obtain a license, the bride being but sixteen years of age.

**INTO VESUVIUS' HEART**  
NAPLES, Sept. 17.—A depth of 1200 feet was reached by Professor Malladra and his two companions in their recent descent of the crater of Vesuvius. This constitutes a record for such an enterprise. By sounding with thermometers they found a temperature of 626 degrees Fahrenheit.

### TIRES OF WIFE WHO IS NIECE OF POET WHITTIER

**SALEM, Mass., Sept. 17.**—Isaac Heney, called an artist of this city, appeared in the superior court yesterday and was heard on his petition for divorce from Phoebe W. Calliga of Danvers, for alleged desertion. She is a niece of the late John G. Whittier, the poet.

The case was uncontested. Judge White reserved decision.

## WHITE SLAVERS SENTENCED TODAY

Diggs Gets 2 Years and \$2000  
Fine; 18 Months and \$1500  
for Caminetti

**SAN FRANCISCO, Sept. 17.**—Two years in San Quentin and \$2000 fine for Maury I. Diggs, and eighteen months in San Quentin with \$1500 fine for Drew Caminetti were sentences pronounced on the convicted white slavers by Federal Judge Van Fleet today.

Judge Van Fleet scored society for winking at lax morality and for permitting episodes like the Diggs-Caminetti affair. He also attacked the "dominating mind of the pair, adding, however, that that did not excuse Caminetti. He deplored the lack of parental control among girls. The defense attorneys tried to change the sentence to McNeil's Island and prison, Washington. The judge advised that the prosecutor learn if the attorney general would object. Both prisoners remained calm, as did their relatives. Both were granted ten days' stay on bonds of \$15,000 and \$10,000 respectively. The defense lawyers have not decided whether or not to go to the higher court.

Motions for new trials were overruled, Attorney Devlin for the defense pleading clemency. He called attention to the fact that the Mann law was comparatively new and its provisions not generally understood. He declared that while ignorance was no excuse it might be regarded as mitigating the gravity of the offense. He pointed to the fact that the law was originally aimed at men who live on the earnings of fallen women. He reminded the court that this was the men's first offense, and said Diggs had lost his business and both had been head up to ridicule. He said he believed they have already been sufficiently punished.

**DIGGS-HARRIS JURY ACQUITS BOTH MEN**

**SAN FRANCISCO, Sept. 17.**—After being out an hour and a half the jury in the case voted late yesterday afternoon to acquit Maury I. Diggs and Attorney Charles B. Harris, charged with subordination of perjury.

## MOONLIGHT PICNIC

Elks Indulged in 'Weenie' Bake in Orange County Park Last Evening

One of the most successful of the many social functions recently given by Santa Ana lodge of Elks, was the moonlight picnic and "weenie" bake at Orange County Park last night.

Nearly 200 guests, Elks and their families and lady friends, assembled about the festive board, where the humble frijole and the succulent "weenie," with potato salad and all the accessories of such a "feed" formed a repast fit for kings and queens. The feed was served at 7 o'clock, and with appetites whetted by the refreshing ride to the park, the guests paid a substantial tribute to the culinary skill of "Chef" Young and his assistants. No detail was overlooked by the efficient corps of waiters, and the "hot dog" feed was pronounced a "hot" success.

By divers and sundry means of transportation, the guests began to arrive about 6 o'clock, and by the time dinner was announced the woods swarmed with the antlered herd. An improvised lighting system of automobile lamps and presto tanks was soon in operation, and this, with the bright moonlight peeping through the branches of the giant oak trees, furnished ample illumination for the occasion, and in the subdued light the beautiful park presented a striking picture while the sound of music and merry laughter echoed through canyon and from mountain side.

When the inner man had been satisfied, the tables were deserted and the strains of music attracted the happy throng to the pavilion, where dancing was indulged in until a late hour, when the revelers departed for their homes in various parts of the county. Altogether the affair was pronounced a most happy and enjoyable one.

## Butz-Wilton

Last night at the home of Adolph Butz at the corner of Orange avenue and McFadden street, City Recorder J. A. Wilton performed the ceremony uniting in marriage Mr. Butz and Louise Wilton. Following the ceremony an excellent supper was served.

Mr. Butz is a well-known plumber on Third street.

## Past Matrons' Luncheon

Mrs. Wm. Clayton very delightfully entertained the Past Matrons' Association yesterday at her country home near El Modena. The ladies made the journey to the country via automobiles and were most cordially received.

A delicious luncheon was served at 1 o'clock by the hostess and the afternoon was spent socially with various pleasant diversions making the time pass swiftly.

Those present were Mesdames Balderston, Dickinson, Bowes, True, Ruddock, Reeves, Medlock, Thomas, Tolle, Reinhaus, Tubbs, Baker, Evans, Robbins.

Undaunted by the hot weather many of our old pupils and not a few new ones are enrolling for a good season's work.

These will be sure of getting convenient lesson hours by coming early. Let us mail you Conservatory literature and convince you of the superior advantages of music study here.

## BIRTHDAY PARTY

Fourteen-Year-Old Miss Watson Honoree of Pleasant Al Fresco Event

To have a delightful out-of-door party given for one by old friends and to have the lawn of the home place of those friends gaily lighted with Japanese lanterns, with rugs and chairs scattered about on the velvety grass is a compliment almost any girl would be most proud of. So it is not to be wondered at that Miss Christine Watson, daughter of Mr. and Mrs. W. E. Watson, 1701 Bush street, is very happy this morning in the memory of a lovely birthday party given in her honor last night at the Newport Road home of Mr. and Mrs. D. M. Johnson, the affair celebrating the fourteenth anniversary of Miss Watson's natal day.

It was a pretty scene that those passing the Johnson home last evening looked upon, the gayly colored Japanese lanterns swinging in the light evening breeze and illuminating the Johnson lawn while a merry crowd of young people played lively out of door games and laughed and teased under the shining stars of the night. Then there was the long table spread late in the evening with delicious refreshments where the jolly young people continued their merry-making as they feasted on the good things to eat. The principal feature of the birthday feast was a handsome birthday cake adorned with fourteen candles that were blown out by the guests as each wished Miss Christine many more happy birthdays.

Miss Christine was the recipient of many pretty birthday gifts from her boy and girl friends as well as from the older ones. There were sixteen of the boys and girls who joined in the enjoyable event, which was one they will long think of with pleasure.

## Announcement Party

On Saturday last Mrs. Will Spurgeon was hostess at a pretty afternoon party at which the betrothal of Miss Florence Mullinix of this city and Robert Alexander of Los Angeles was announced.

Guessing contests were the pastime for the early afternoon and following these came the announcement of the engagement.

A four-course luncheon was then served a beautiful reed luncheon set being used. Marginals were employed in the decorations.

Those present at the interesting function besides the hostess and the honoree were the Misses Lena Thomas, Hazel Thomas, Verna Peterson, Ethel Roper, Marvel Baker, Gladys Beckett of Los Angeles, Florence Yoch, Kate Lutz, Elsie Parker, Lois Tedford, Mesdames Hugh Plumb, Roy Peterson, Cecil DuBois, Erwin Barnes of Anaheim.

## HONESTLY IT'S THE BEST POLICY

Santa Ana, Cal., Sept. 17, 1913. Messrs. O. M. Robbins & Son, Santa Ana, Cal.

Gentlemen: I wish to express my appreciation of the promptness and courtesy with which your firm adjusted and paid my loss of \$132.70 under Policy No. A-709320, Firemen's Fund Insurance Co. The matter was handled without the slightest inconvenience to me, and I received a check in settlement twenty-four hours after the alarm was turned in. The adjustment was liberal and the amount allowed me will put the premises in first class condition. Thanking both the Company and yourselves for the consideration received, I am,

Yours very truly,  
IDA NEILL BEAZLEY.

## OUT-OF-DOOR EVENT

First W. C. T. U. Session of Season and Mothers' Meeting at Birch Park

Yesterday was a big day for the Santa Ana W. C. T. U. This was the first meeting after the usual summer vacation and was also the annual mothers' meeting of the county. The Santa Ana union had for its guests a large representation from nearly all of the different unions of the county, especially large delegations being here from Garden Grove, Anaheim, Orange and Tustin. Two new unions have been formed during the last two months, one at Cypress and the other at Newport Beach. Both of these new unions had a representative here yesterday. The guests began to arrive early and the day being an unusually hot one, it was ideal to spend the day in beautiful Birch Park, where the meeting was held.

A short session of the local union was held from 10 to 12 o'clock, presided over by the president, Mrs. Lea Warren. Minutes of last meeting were read by the recording secretary, Mrs. E. P. Statton and E. H. Prince, the treasurer, explained the method of collecting funds for state work and distributed the cards. Devotions were led by Mrs. J. A. Stevenson. Greetings were brought by Mrs. Owens, president of Anaheim union; Mrs. Miller of Tustin, Mrs. Hope Garnett and Mrs. Harmon of Newport, Mrs. Cox, Cy, press, and representatives from Garden Grove and Orange. A member from the Sawtelle union brought greetings from that union and Miss Camp from Washington, also made a few remarks.

The committee of arrangements had arranged tables and chairs under the shade trees and at 12 o'clock, after the close of the business period, a splendid dinner was served to visitors and friends, numbering over one hundred and fifty. At the close of the dinner, Mrs. F. H. McElree, toastmistress, presided in her usual graceful manner. Rev. J. A. Stevenson had "Laughs" for his subject, and a good subject it was for that pastor as it would be hard to find one who could produce more "laughs." Rev. Paul Wright's subject was "Beauty," and that subject was certainly well handled. Mrs. Owen of Anaheim and Mrs. Ralph of Orange each responded to a toast, Mrs. Harrison of Tustin sang a solo that was much enjoyed. Those who aided much in the enjoyment of the dinner were the girls who aided in serving the dinner: Mrs. Hope Garnett, Misses Norma and Elsie Winkgood and Miss Velda Nimmo.

At 2 o'clock two hundred and fifty of the guests and members assembled to listen to a splendid program which was under the leadership of Mrs. F. H. McElree, county and local superintendent of mothers' meetings, a department which Mrs. McElree is well able to handle in an efficient and capable manner. Orange county songs were sung, and Rev. Scarborough, pastor of the South Methodist church, made the address of the afternoon which was one of great interest to temperance people. Mrs. Rawlings of Tustin gave an interesting account of the Congress of Reformers held recently at Huntington Beach. R. J. Hamilton of Orange County W. C. T. U. who is always ready with a word, gave a very practical and interesting talk. Mrs. Norman read extracts from a letter from our Mrs. Irene French-Oakley, who is now in Wisconsin and who is engaged in W. C. T. U. work at that place. Greetings were sent from this county to the union in which Mrs. Oakley is working.

As there is a very strong sentiment among the moral forces of the state to make California dry in 1914, action was taken by this body to endorse the Prohibition movement. The very interesting events of the day closed with a Round Table discussion. The company was divided into four divisions with a leader for each division, and subjects that are vitally important in this time and age were discussed. This proved to be most interesting.

The next regular meeting will be on Scientific Temperance and will be held the fifth Tuesday of September, which is September 20. A vote of thanks was given the members of Santa Ana union for its kind hospitality.

Licensed to Wed  
A marriage license was issued in Los Angeles yesterday to James P. Small, 71, and Addie F. Simpson, 52, both of Orange.

## Personals

Mr. and Mrs. R. J. Hamilton and family, and Mrs. E. J. Foster returned last evening from a vacation spent at Newport Beach and vicinity. Mr. Hamilton, who is the county secretary of the Y.M.C.A. is now preparing to move his office into the new "Register" building.

W. E. Watson of Bush street was a morning passenger on the 8:15 Los Angeles-bound Pacific Electric car this morning.

Mrs. James Harrison and Miss Elsie Harrison are at home from a two-weeks' stay at Avalon. Miss Harrison was not at all well while at Catalina and on her return sent her resignation as kindergarten teacher in the city schools to the board of education. Miss Harrison has not been well for some time.

Ralph Beales is visiting friends at picturesque Arch Beach.

Miss Blanch Dolph of Arch Beach who has been spending the last three months in Pennsylvania, is expected home in the near future.

J. J. O'Grady was a visitor today to Newport and Huntington Beaches. Leo Goepfer was in Santa Ana today from Balboa.

Mrs. E. M. Duval spent today at Huntington Beach, accompanied by Misses Lela and Hazel Shields.

Mr. and Mrs. Arthur Pease who have spent the summer at Balboa have returned here and are now in their new home recently built on Bush street.

Mrs. Hubert and Miss Hubert were passengers for Newport Beach on an early morning car today.

The A. R. Herveys who are at their Balboa cottage will remain there until the opening of the Santa Ana schools. They are finding the beach a most delightful place to stay during the heated season now on in Southern California.

Ed. Crabtree of Santa Ana has gone to Los Angeles, where he has accepted an appointment as ticket-seller at the Grand station, Santa Fe.

Miss Hattie Rutherford made a business trip to Los Angeles this morning. Mr. and Mrs. Nathan Beals and family are again occupying their West Newport Beach cottage which was rented during August. Mr. Beals makes the trip to and from the beach each day by automobile. The family is appreciating the sea breezes very much during the present hot weather.

Mrs. Ida Neill Beazley of Los Angeles spent the day in Santa Ana. Mrs. Beazley is a former resident of this city and was in town today to receive her check for her fire loss of yesterday, and to make arrangements to have the house put in first class shape for her tenants.

## BUTZ'S PLUMBER SHOP WAS WELL DECORATED

This morning when Adolph Butz went to his plumbing shop on East Third street between Bush and Main streets, he found several dozen old shoes hanging to the front of it. A number of signs suggestive of the fact that there had been a wedding decorated the building. Butz was very strongly of the opinion that J. S. Wassser was a leader in the escapade, and when this was suggested to Wassser he only laughed. Butz was married last night to Mrs. Louise Wilton.

## CUTS SALARY \$90 TO \$75

Superintendent of County Farm  
Given Reduction by the  
County Board

Bids for Paving and Bridge  
Plans Taken Under  
Advisement

Yesterday the Board of Supervisors chopped \$15 a month off the salary of the superintendent of the county farm at West Orange. The position is held by E. A. Chaffee, a Garden Grove man, and hitherto the salary has been \$90 a month. A cottage for the superintendent and his family is furnished by the county, and in view of that the supervisors concluded that \$75 a month ought to be sufficient salary for the job.

Recently the county received an application for appointment to the position, and possibly that may have had something to do with the reduction in compensation could be made without any harm to the service.

### Bids Received

The supervisors yesterday received three sets of bids. One was for the construction of a section of the Huntington Beach-Santa Ana county highway. Those bids were referred to the highway commission, the various items to be figured out.

Bids were received for the construction of a concrete bridge across the Santa Ana river at the Talbert road. These were also referred to the highway commission. Some of the residents of the section filed a remonstrance against the proposed method of construction, alleging the number of spans was not in accordance with the county ordinance. However, the remonstrance was in error, as the county has no ordinance covering the point. Action on these bids was deferred to Sept. 22.

Bids were received for plans and specifications for the proposed reinforced concrete bridge across the Santa Ana river on the Olive-Anaheim road. These bids were taken under advisement until Oct. 8. They were referred to County Surveyor McBride for inspection and recommendation.

Engineers who submitted plans were H. Clay Kellogg of Santa Ana, Robert Beyrie, J. M. Legrand, Thomas & Post, who designed the West Fifth street bridge, J. C. Wright, T. C. Breitenstein, Reynolds & Whitman, E. T. Whittier, S. W. Borner, Mattila & Whittier, Munoz & Munoz, Commonwealth Engineering Co., and P. J. Twiliss. Some of the firms are in Los Angeles and others San Francisco.

On the recommendation of the highway commission, the board let a contract to George S. Benson & Sons for a small piece of work on the Tustin-Orange road. The new contract is for less than \$1,000, and under the law bids need not be received. The Benson company got the big contract for the Tustin-Orange road on a bid.

**Ordinance Passed**  
The ordinance submitted by the Northwest Protection district, making it a misdemeanor to damage any of the works of the district or in any way interfere with the flow of flood waters, was passed by the supervisors.

**Other Matters**  
Supervisors Struck and Leck were appointed as a committee to confer with County Physician Wehrly and Architect Eley concerning a proposal to install vacuum cleaners in the new county hospital, for building which a contract was let yesterday to C. McNeill.

The La Habra Domestic Water Co. withdrew its application for a franchise on roads in La Habra Valley. The company has purchased the franchise owned by the East Whittier Water Co., and needs no other from the county.

It was ordered that the expenses of the county physician to the state conference of health officers at Venice be paid by the county.

The board adjourned to Sept. 22.

## WANT U.S. TO BUY INTER-CITY CANAL AND ENLARGE IT

PHILADELPHIA, Sept. 17.—On a practical demonstration tour to illustrate the needs for a deeper and wider canal between this city and Baltimore, more than five hundred business men, headed by Representative J. Hampton Moore, left here today for Lorewood Grove, Del., where delegations from other eastern cities will gather. The purpose of the meeting at the Grove is to focus attention on the importance of having the federal government purchase and widen the present Chesapeake and Delaware canal to bring into closer and cheaper business communication Philadelphia, Wilmington, Trenton, Baltimore and Washington and other intermediate cities. The present waterway is only 9 feet deep and 24 feet wide. It is proposed to have it widened to 90 feet and its depth increased to 12 feet.

On arriving at Lorewood Grove this afternoon the local delegation met the Baltimore contingent headed by Mayor Preston, and Governor Miller of Delaware and his staff. Besides delegations from several cities, members of the Congressional Rivers and Harbors committee, members of the Atlantic Deep Waterways Association, and the Commercial Exchange representatives will attend.

A demonstration was given by barges and tows passing through the locks. Representative Moore declared that the value of the canal and its treatment as a free and open commercial highway connecting the Delaware river and points north and the Chesapeake Bay and points south will be fully demonstrated.

## HE SLEW HIS WIFE RATHER THAN HAVE HER DIVORCE HIM

MOSCOW, Sept. 17.—Entering the fashionable Taurida restaurant here, J. J. Greshov, twenty-six-year-old son of a wealthy merchant, ordered an elaborate dinner with music, and sending for his wife, stabbed her to death in the presence of the manager, who had poured out the champagne in which Greshov had previously toasted his wife. The musicians, having been ordered to play Tchaikowsky's Autumn Song, and the Russian song, "Forgotten is the Tender Rose," Greshov pledged his wife and then killed her. He made no attempt to evade arrest. It is stated that the cause of the crime was that he feared that his wife intended divorcing him.

**REFRIGERATION CONGRESS**  
CHICAGO, Sept. 17.—Cold storage foods and beverages only will be served at a big banquet in honor of foreign delegates attending the Third International Refrigeration Congress, which opens a two weeks' session in Chicago today. Everything that can be preserved in the cooler is on display in big, ice-chilled glass cases. There is cheese from the United States and Switzerland and the celebrated Limburger direct from Germany; butter, fish, meats, eggs, and poultry—in fact enough varieties of cold storage edibles to fill menus for a year.

One entire section of the exhibit shows the proper methods of preserving flowers in artificial coolers; another shows how anatomical specimens may be kept from decay, and there are countless others. More than 3,000 delegates arrived today for the opening meeting.

Dance at El Toro Saturday evening, Sept. 20. Good music. Everybody invited.

**LOS ANGELES PRODUCE MARKET**  
Butter dropped back to 37 cents a pound, jobbers' price, yesterday morning, which means 40 cents to the retailer. The quotation to 43 cents during the latter part of last week was higher than the price at the same time for several years back. In 1910 it registered 35; in 1911 it was down to 28; in 1912 to 37. Naturally there was considerable question as to the reason for the sudden advance, and this can be traced to the abrupt termination of milk supply from the San Joaquin Valley and other central sections of the state which are heavy shippers of the lactical fluid to Los Angeles. Hot weather and lack of feed is given as the reason for the shortage in milk. There is also to be reckoned the ever-increasing demand for milk and cream in Los Angeles, particularly during the summer season, when used in place of solid foods more extensively than in winter. The shortage has been principally in creamery extras. First and other grades have been more plentiful and some stock has been taken out of storage to supply the heavy call. Naturally these grades have felt the various gradations of the market on best butter. Receipts yesterday were 43,958 pounds.

There was no change in eggs. The call for this product was heavy and the demands on the storage stock have been a noticeable feature of trading. Arrivals yesterday were 173 cases. Cheese arrivals totaled 496 pounds, and the market was firm.

Potatoes were in good call and the market remained steady with heavy arrivals reported for several days. These totaled 4630 sacks yesterday. A few Salinas and Longport spuds are finding their way to the market and are bringing top quotations. Onions were plentiful and the market firm at advanced figures. Receipts were 403 sacks.

## FORGY AND BRADFORD ARE ADDED TO LIST

SAN FRANCISCO, Sept. 17.—(Special to the Register)—The Portola Festival committee today announced the appointment of A. S. Bradford of Placencia, and H. J. Forgy of Santa Ana, as resident Portola commissioners to direct plans for sharing in the Portola Festival of October 22 to 25, which will be the Pacific coast's celebration of the 400th anniversary of the discovery of the Pacific ocean by Balboa.

Commissioner Forgy will co-operate with W. A. Huff, recently appointed at Santa Ana.

The plans for the Portola Festival are increasing in scope daily, and every record for every phase of celebration will be broken next month, according to announcement by the Portola leaders.

## NON-SUPPORT ALLEGATION

Mrs. Louise Edgar, Former Resident Here, Witness Against Robert Edgar

Today in the superior court Judge J. W. Shenck of Los Angeles is hearing the evidence in the divorce action brought by Louise G. Edgar of San Luis Obispo county against Robert Edgar. Judge West is sitting in a case in Los Angeles county, being disqualified in the Edgar case. Mrs. Edgar is asking for a decree of divorce on the ground of non-support. She is represented by Attorneys Kerch & Davis. Edgar, who is contesting the case, is represented by Attorney J. C. Head.

Argue Sept. 28  
Judge West yesterday concluded taking evidence in the trial of the action brought by Charlie L. Horton against T. A. Winbigger as administrator of the estate of Lucy Brown, Horton's grandmother. A half interest in thirty acres is at stake, the defendant being backed by a resident of Texas. The case will be argued on Sept. 26.

Case Dismissed  
Today a dismissal was entered in the case of J. C. Zimmerman against Elia S. Craddock, an action on a note. Homestead Recorded

A declaration of homestead has been recorded by Samuel V. Poston on ten acres on Hickley street, Santa Ana; value, \$5000.

Mechanic's Lien  
D. A. Dale, hardware merchant, has recorded a mechanic's lien against Laura S. Hall and lot 2A, Goodwin tract, on a demand for \$284.38.

Asks Permission  
M. S. Flippen has petitioned the supervisors for a permit to lay a pipe line 1,000 feet in length on North Prospect avenue.

Set for Trial  
The suit of the Mangold & Glandt Bank against L. C. Yoeman has been set by Judge West for Nov. 18.

Marriage Licenses  
Guy Herbert Preston, 24, and Florence LeVina Moore, 20, both of Huntington Beach.

## LITTLE CHILD BADLY BURNED

Clothing Caught Afire from Coals With Which Others Were Playing

ORANGE, Sept. 17.—Yesterday afternoon the 16-month-old daughter of Phil Cruby of South Lemon street, was frightfully burned. The child, with other children, was playing in the kitchen, when some of the children raked some hot coals from the fire in the stove. Some of these coals fell on the baby and set her clothing afire. Hearing the scream, Mrs. Cruby rushed in and with her clothing smothered the flames. The baby is badly burned on the back, right arm and right shoulder, but will probably live through the ordeal.

## ARE ON TRIAL FOR NOT FLYING THE FLAG

School Trustees J. G. Lauer, W. T. Travers, W. P. Hale, L. B. Steward and L. P. Drake of the Fullerton Union High School are on trial in Justice Cox's court today on a charge of having failed to fly the American flag over the schoolhouse during the sessions of school last June. Williams & Rutan are defending the trustees, and District Attorney West is prosecuting. Col. Knowlton, a G.A.R. man of Fullerton, is the complaining witness.

Few business houses in Santa Ana can lay better claim to being progressive than the Horton-Spurgeon Furniture Company—Five years ago this month we started in business with a single store room. Two years later we moved into the big double room we now occupy. Now we find WE HAVE OUTGROWN OUR PRESENT QUARTERS AND OCTOBER 1ST WE WILL ADD FIFTY PER CENT TO our present floor space by taking in the adjoining room.

THE DOUBLE EVENT, OUR FIFTH ANNIVERSARY AND SECTION EXPANSION, IS BEING CELEBRATED BY

# A GREAT EXPANSION SALE

From the day we opened our store we have worked on the theory that people know value, and that the firm that offered the greatest values throughout the store is the one that gets the business. We buy the most of our goods from eastern manufacturers in large quantities and pay cash for them, which enables us to buy for less than merchants that buy from jobbers. We have always conscientiously and honestly marked every article in plain figures at the lowest possible price consistent with business, always refraining from misleading the public in any way whatever. We are here in business to stay. We want your trade and we know we can give you more value for your money than you can get anywhere else in Orange county. Put us to the test—look over our stock carefully.

You'll find this the greatest Furniture Buying Opportunity of the year—All previous price reductions absolutely smashed to pieces.

DREAMLAND Mattresses

Never Stretch

No matter what sort of mattress you want, either the lowest in price or the very best, we can supply you. We carry all grades and sizes to fit your bed—\$2.50, \$3.50, \$4.00, \$5.50, \$8.00 and \$10.75. We especially recommend our \$10.75 Dreamland mattress, which is positively the best felt mattress made for the money.

We will set goods aside for you until you want them, no storage charges. Our stock is the cleanest in Santa Ana; you are taking no chances, not a piece of goods in our store that is old style. We want to keep our reputation for new, clean stock.

MONEY MARKET FIGHT

Temporary Relief From U. P. Bankers Disappears—Interest Rates High

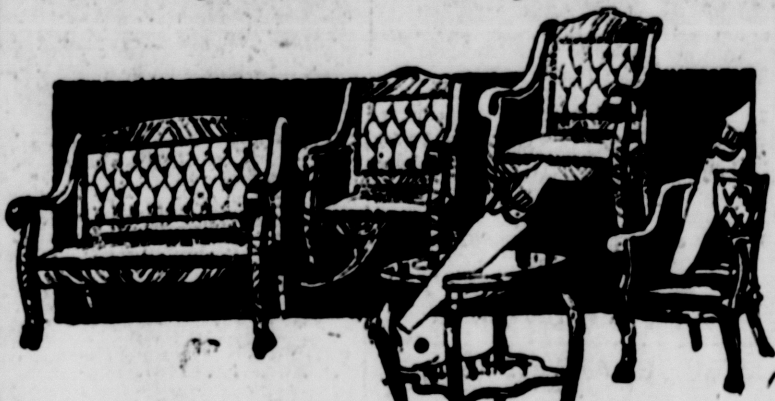

NEW YORK, Sept. 17.—The easier money market which developed toward the end of last week was attributable to the large amount of funds offered by bankers connected with the Union Pacific, and this forced loans over the turn of the year to a 5-per-cent basis, but since then the increased demand for commercial purposes and the impending new issues of equipment notes has lightened things up again and rates recovered one-fourth of one per cent on all long-time loans, with call money now firm around 3 per cent.

GRAND ARMY PARADE

CHATTANOOGA, Tenn., Sept. 17.—It was a grizzled and bowed army of soldiers who paraded through Chattanooga today. The parade was today's feature of the forty-seventh reunion and encampment of the Grand Army of the Republic, which is being held here. The first business session of the encampment will open tomorrow morning.
